Note!

In order to avoid mistakes, please state order-number and size of each article when ordering. Prices are equal for all sizes of ready-made suits.

Models for gentlemen are made in three ready-made sizes (I up to 1.65 m, II up to 1.75 m, III up to 1.85 m) models for ladies in the sizes 38, 40 and 42. Overlarge models – IV and 44 a 15 % surcharge.

The exact measurements please find in our measuring-chart.

Owing to the great elasticity of the material the suits fits every figure, but you can also get a made-to-measure suit. All parts made-to-measure carry a 25 % surcharge on the prices for ready-made suits, except for the SWEETLY children's suit, the prices of which already contain the surcharge for made-to-measure. We reserve all rights for alterations in construction, further developments and improvements of our NASSBIBER suits.

Please ask for our special catalogue on the BARAKUDA NASSBIBER Programme, from which you will see all details regarding sizes, measurements, make and kinds of material.
